

Building a Bright Future

COMMUNITY SOLAR

Commercial Enrollment Form

TAP INTO THE SUN. Middleton Electric Light Department is partnering with an innovative, large-scale developer to build a utility scale solar generation facility right here in Middleton and are offering the solar project’s generation directly to its customers who opt-in to the program. There is no cost to you – all you need to do is simply sign up on this form. All customers are potentially eligible to participate (until the portfolio is fully subscribed). So please join other members of your community and make your Community Solar Project a success.

- ✓ Clean, renewable energy for your home or business
- ✓ Reduce your carbon footprint and have a positive impact on the environment
- ✓ Keep our energy rates stable
- ✓ Easy, FREE way to participate in a solar project
- ✓ Help us reach our community renewable energy goals

YES! I want to participate in Middleton Electric Light Department’s Community Solar program.

Customer Name(s): _____

Account Number: _____ Service Address: _____

Email: _____ Best Phone: _____

As a current customer of MELD, by my signature below, I would like to opt-in to the community solar program.

Should the limited portfolio be oversubscribed, I authorize MELD to hold my election on file should any opening occur.

Signature: _____ Date: _____

Title: _____

Thank you for choosing clean, renewable energy!
